Benefit od edukativniot prestop vo anesteziyata

- **Opsta anetezija** – 99% od operativnite intervencii se izveduvaat vo opsta anestezija so anestetici identicni na onie sto se koristat vo anesteziyata vo Makedonija.
Ne opoidna anestezija za slim surgery - novina za nas observerite anesteziolozi, kombinacija od Mg SO₄ + lidocain+propofol+dexmedetomidine
- **Regionalnata anestezija** vo odnos na nasata bolnica, skoro da ne se praktikuva osven za sectio cezarea.

Benefit od edukativniot prestop vo hirurgijata

- Najsovremenata Da Vinci robotska hirurgija vo:
 - kardiohirurgijata
 - torakalna hirurgija
 - abdominalna hirurgija
 - Urologija

Neinvazivna i sigurna anestezija

BLAGODARAM !!!
